UPDATED: We have updated income eligibility guidelines to reflect the latest from the USDA for 2022-2023. These are effective from July 1, 2022.

UPDATED: We have updated the Infant Meals Parent Preference Letter for Ohio to the latest version.

FIXED: We have corrected a typo in the income eligibility form.

FIXED: When recording quantities, menu components include units not applicable to the type of food selected, such as "cans" for bread.

FIXED: Child In/Out times were missing from the D.C. enrollment form, even though they were entered into CX.

FIXED: We have corrected rounding errors in the California State Reimbursement Rates. This applies to sponsors and centers operating in the state of California only.

FIXED: The enrollment date listed on the enrollment form should match the child's current enrollment date in the Manage Child Information window.

FIXED: The Claim Creation Date has been missing from claims processed through both CX and KidKare for the last several months.
